

The site plan for Optiven Greentown is a comprehensive layout of a residential and recreational development. It features a central grid of residential plots, with commercial plots located at the top and bottom edges. Key landmarks include a large lake, a river, a forest, and several parks and recreational areas. The plan is divided into sections by roads and tracks, with specific areas like the 'Kids play area' and 'Spiral Viewtower' highlighted. The overall design emphasizes a green, sustainable living environment.
